▶ **About GET Group Holdings**

For more than 35 years, GET Group has established a global reputation as a leading provider of identity management solutions, commercial card printing, AI-powered digital transformation systems, and safe and smart cities.

GET Group has established a global presence with many clients in various sectors, including government, banking, national security, health care, and education. With their pioneering solutions, technical expertise, and a wide array of capabilities in linking and integrating systems, GET Group helps public sector institutions and private sector companies manage and improve their performance, providing them with competitive capabilities.

Furthermore, GET Group enables its customers to achieve the highest returns on operational investments by linking its operations and providing institutions, enterprises, and more than 50 governments worldwide with a turnkey solution for highly secure and durable travel and identification documents, business process automation, the digital customer experience, law enforcement intelligence, and integrated physical security systems.

▶ **Why did you choose to get certified against ISO 9001 and ISO/IEC 27001?**

As part of their vision, GET Group aimed to obtain ISO 9001 and ISO/IEC 27001 certifications to adhere to the highest processing and service standards. These certifications serve to enhance trust and reliability amongst our partners and stakeholders.

▶ **Benefits of obtaining certification against ISO 9001 and ISO/IEC 27001**

- ✓ By implementing the highest standards of processes and services, customer satisfaction will increase and expand our customer database, thus increasing our revenue.
- ✓ The certificates will also help us expand our global brand as a certified organization.
