# ISO 22301 Certification – Building Resilience

---

ISO 22301 is an internationally recognized standard designed to help organizations establish, implement, and maintain an effective Business Continuity Management System (BCMS). It enables businesses to proactively prepare for and respond to disruptions, ensuring the continuity of critical operations during unforeseen events.

At MSECBC, we understand the criticality of maintaining business continuity in the face of unforeseen events and disasters. In today's ever-changing landscape, unexpected incidents, disasters, or disruptions can have severe consequences on businesses, making it crucial to have set a robust business continuity strategy to ensure the safety of employees, protect valuable assets, and maintain operations.

MSECBC is accredited against ISO/IEC 17021 to offer ISO 22301 certification to help you establish resilience within your organization and enhances your ability to meet the needs of customers, stakeholders, and regulatory requirements, even during challenging times.

Obtaining ISO 22301 certification demonstrates your organization's commitment to validating your preparedness to respond to emergencies, recover swiftly from disruptions, ensure uninterrupted operations, and safeguard your business against potential threats.

## ISO 22301 can be integrated with:

ISO 9001

ISO 14001

ISO/IEC 20000-1

ISO/IEC 27001
